

WE ARE PROUD TO BE A PREFERRED PROVIDER

Our clinic has met the rigorous standards of Lice Clinics of America to ensure that all patients receive the highest level of care. As a Preferred Provider, we are part of the world's largest network of lice clinics.

All of our clinicians have been trained and certified to use our exclusive, FDA-cleared, lice treatment medical device, called AirAllé. This revolutionary device kills lice and over 99% of their eggs using heated air.

URGENT CARE FOR HEAD LICE REMOVAL™

LICE ™
CLINICS
OF AMERICA

A FULL SPECTRUM OF HEAD LICE TREATMENTS

We understand that lice cause stress. Lots of it. Everything goes on hold until the bugs are gone. Rest assured that we will take care of the problem so parents and their children can get their lives back. We offer a full range of head lice treatments. From our full “one-and-done” exclusive procedure to our “do-it-yourself” products, we have treatments to match every budget and need.

1. SCREEN

Our certified lice clinicians will thoroughly examine your child’s hair and scalp to determine if any lice are present.

2. DIAGNOSE

If lice are detected, our clinician will provide you with a clear explanation of the extent of the infestation.

3. TREATMENT OPTIONS

Depending on the severity of the infestation, our clinician will recommend an appropriate treatment. We have a wide range of treatments for each individual and budget. None of our treatments use pesticides or harsh chemicals.

TREATMENT OPTIONS

1. FULLSERVICE TREATMENT

This consists of one treatment in about an hour and we guarantee you will leave lice-free. This treatment uses our exclusive, FDA-cleared medical device, a complete comb-out and the application of a specially formulated topical rinse.

2. KICKSTART TREATMENT

For the more budget minded, we perform the professional heated-air treatment, but let you handle the comb-out and topical rinse yourself.

3. DO IT YOURSELF TREATMENT

This is the least expensive option but the most time consuming. We provide you with all the topical treatment products you will need along with detailed instructions.
